## GEOLOGICAL BOARD

HIS EXCELLENCY, GEORGE W. CLARKE.....GOVERNOR OF IOWA  
HON. JOHN L. BLEAKLY.....AUDITOR OF STATE  
THOMAS H. MACBRIDE.....PRESIDENT STATE UNIVERSITY OF IOWA  
RAYMOND A. PEARSON.....PRESIDENT IOWA STATE COLLEGE  
HENRY S. CONARD.....PRESIDENT IOWA ACADEMY OF SCIENCE

## ADMINISTRATIVE OFFICERS

GEORGE F. KAY.....STATE GEOLOGIST  
JAMES H. LEES.....ASSISTANT STATE GEOLOGIST  
NELLIE E. NEWMAN.....SECRETARY

## GEOLOGICAL SECTION

GEORGE F. KAY.....GEOLOGIST  
JAMES H. LEES.....GEOLOGIST, PHYSIOGRAPHIC GEOLOGY  
W. H. NORTON.....GEOLOGIST, UNDERGROUND WATERS  
S. W. BEYER.....GEOLOGIST, ECONOMIC MATERIALS  
B. SHIMEK.....GEOLOGIST, AREAL GEOLOGY  
M. F. AREY.....GEOLOGIST, AREAL GEOLOGY  
JOHN L. TILTON.....GEOLOGIST, AREAL GEOLOGY  
J. E. CARMAN.....GEOLOGIST, PLEISTOCENE GEOLOGY  
A. O. THOMAS.....GEOLOGIST, STRATIGRAPHIC GEOLOGY  
F. M. VAN TUYL.....GEOLOGIST, STRATIGRAPHIC GEOLOGY  
STUART WELLES.....CONSULTING GEOLOGIST, STRATIGRAPHIC GEOLOGY  
W. C. ALDEN.....CONSULTING GEOLOGIST, PLEISTOCENE GEOLOGY  
M. M. LEIGHTON.....GEOLOGIST, PLEISTOCENE GEOLOGY  
A. P. POTTS.....GEOLOGIST, CERAMICS  
A. J. WILLIAMS.....GEOLOGIST, STRATIGRAPHIC GEOLOGY  
J. V. HOWELL.....GEOLOGIST, ECONOMIC GEOLOGY  
DAYTON STONER.....ZOOLOGIST, RODENTS  
M. P. SOMES.....ENTOMOLOGIST, INSECTS  
T. C. STEPHENS.....ZOOLOGIST  
B. H. BAILEY.....ZOOLOGIST

## TOPOGRAPHIC SECTION

W. H. HERRON.....GEOGRAPHER  
W. L. MILLER.....TOPOGRAPHER  
E. L. MCNAIR.....TOPOGRAPHIC ENGINEER

# CONTENTS

|  | PAGE |
|--|------|
| ADMINISTRATIVE REPORT, BY THE DIRECTOR.....  | ix   |
| MINERAL PRODUCTION FOR 1913 AND 1914, BY GEORGE F. KAY.....  | 1    |
| THE IRON ORE DEPOSITS NEAR WAUKON, IOWA, BY JESSE V. HOWELL.....   | 33   |
| PLEISTOCENE HISTORY OF IOWA RIVER VALLEY, NORTH AND WEST OF IOWA CITY<br>IN JOHNSON COUNTY, BY M. M. LEIGHTON..... | 103  |
| TRILOBITES FROM THE MAQUOKETA BEDS OF FAYETTE COUNTY, IOWA, BY ARTHUR<br>WARE SLOCUM.....                          | 183  |
| THE ORIGIN OF DOLOMITE, BY FRANCIS M. VAN TUYL.....  | 251  |
| PHYSICAL FEATURES AND GEOLOGIC HISTORY OF DES MOINES VALLEY, BY JAMES<br>H. LEES.....                              | 423  |

## ILLUSTRATIONS

| PLATES   | PAGE |
|--|------|
| I. Chert nodules from iron ore.....  | 95   |
| II. Fossils from iron ore and from Decorah shales.....   | 97   |
| III. Fossils from the iron ore.....  | 99   |
| IV. Pieces of ore showing cavity and fossils.....  | 101  |
| V. Topographic map of Fairfax quadrangle, Iowa.....  | 108  |
| VI. North face of interurban cut west of Iowa City.....  | 121  |
| VII. Cross-bedded Buchanan gravel, near Black Springs.....   | 125  |
| VIII. View of the North Liberty Plain.....   | 129  |
| IX. View showing erosional topography of the Kansan.....   | 131  |
| X. View showing upper part of aqueous sand and silt grading up<br>into loess. Helman sand pit.....   | 139  |
| XI. View showing topographic setting of the Interurban cut near<br>upper Interurban bridge .....   | 143  |
| XII. Topographic map of Fairfax quadrangle, Iowa.....  | 151  |
| XIII. View across wide segment of Iowa river valley.....   | 153  |
| XIV. Views of <i>Isotelus iowensis</i> .....   | 239  |
| XV. Views of <i>Bumastus beckeri</i> , <i>Megalaspis beckeri</i> , <i>Thaleops ovata</i><br>and <i>Nileus vigilans</i> .....               | 241  |
| XVI. Views of <i>Sphaerocoryphe maquoketensis</i> , <i>Amphilichas rhinoc-</i><br><i>eros</i> , and <i>Amphilichas clermontensis</i> ..... | 243  |
| XVII. Views of <i>Cybeloides iowensis</i> , <i>Encrinurus pernodosus</i> and<br><i>Calymene fayettensis</i> .....                          | 245  |
| XVIII. Views of <i>Ceraurus milleranus</i> , <i>Ceraurus elginensis</i> and <i>Ce-</i><br><i>raurus icarus</i> .....                       | 247  |
| XIX. Views of <i>Pterygomotopus fredricki</i> , <i>Pterygomotopus larrabeei</i><br>and <i>Calymene gracilis</i> .....                      | 249  |
| XX. Tribes Hill limestone, Palatine Bridge, New York .....   | 409  |
| XXI. Mottled limestone from same locality as above .....   | 411  |
| XXII. Later stages in alteration, same locality as above .....   | 413  |
| XXIII. Mottled Galena limestone, Elkader, Iowa .....   | 415  |
| XXIV. Microphotographs of partly altered limestones and dolomites,<br>various localities .....   | 417  |
| XXV. Microphotographs of mottled limestone from Palatine Bridge,<br>New York .....   | 419  |
| XXVI. Microphotographs of limestones and dolomites .....   | 421  |
| XXVII. Outline map of southern Minnesota and Iowa .....  | 428  |
| XXVIII. General geological section of Iowa.....  | 438  |
| XXIX. Geological map of Iowa .....   | 443  |
| XXX. Map of the drift sheets of Iowa.....  | 453  |
| XXXI. Map of southwestern Minnesota .....  | 465  |
| XXXII. Map of Des Moines valley state line to Fort Dodge.....  | 467  |
| XXXIII. Profiles across East and West Forks of Des Moines valley,<br>to face .....   | 468  |
| XXXIV. Views of Tuttle lake, East Fork at Bancroft and Buffalo creek. ....   | 469  |
| XXXV. A. Union slough at its mouth. B. East Fork near Buffalo<br>creek .....   | 475  |
| XXXVI. The rock wall on Silver lake, Minnesota .....   | 479  |
| XXXVII. The wide valley of the East Fork near Algona, Iowa.....  | 483  |

| PLATES   | PAGE |
|--|------|
| XXXVIII. The West Fork in Minnesota and at Estherville, Iowa.....                  | 491  |
| XXXIX. A. The moraine at Estherville. B. Wide valley near Ottosen                  | 497  |
| XL. Maps of the flood plain of the West Fork in Palo Alto county.                  | 502  |
| XLI. The West Fork near Humboldt, with its gravels.....                            | 505  |
| XLII. A. The valley above Fort Dodge. B. Bench near Kalo....                       | 511  |
| XLIII. Map of Des Moines valley Fort Dodge to Des Moines.....                      | 515  |
| XLIV. Profiles of Des Moines valley, to face .....                                 | 515  |
| XLV. Views of Boone river .....  | 517  |
| XLVI. Topographic map of northern part of Boone quadrangle.....                    | 519  |
| XLVII. Narrow gorge and terraces in valley above Boone .....                       | 521  |
| XLVIII. Short ravines and pond on the plain above Boone.....                       | 523  |
| XLIX. Topographic map of northern part of Boone quadrangle....                     | 525  |
| L. Gary moraine and a Wisconsin boulder in Boone county....                        | 527  |
| LI. The Ledges, Boone county .....   | 529  |
| LII. Topographic map of northwestern part of Madrid quadrangle.                    | 531  |
| LIII. Topographic map of southern part of Madrid quadrangle....                    | 533  |
| LIV. Pond and kames near the valley .....  | 535  |
| LV. Topographic map of northern part of Des Moines quadrangle..                    | 537  |
| LVI. Topographic map of southern part of Des Moines quadrangle.                    | 539  |
| LVII. Pit of Iowa Pipe and Tile Co., Des Moines .....                              | 549  |
| LVIII. A. Sandstone on Capitol Hill. B. Raccoon river above Des<br>Moines .....    | 553  |
| LIX. Map of Des Moines valley Des Moines to Ottumwa .....                          | 559  |
| LX. Topographic map of part of Milo quadrangle .....                               | 561  |
| LXI. Topographic map of part of Knoxville quadrangle .....                         | 563  |
| LXII. A. Des Moines river above Dunreath. B. Saint Louis beds<br>near Tracy .....  | 565  |
| LXIII. Red Rock bluffs near Red Rock .....   | 567  |
| LXIV. Topographic map of part of Pella quadrangle .....                            | 571  |
| LXV. Des Moines and Muchakinock valleys above Eddyville.....                       | 573  |
| LXVI. Map of Des Moines valley Ottumwa to Keokuk .....                             | 577  |
| LXVII. Sandstone bluffs at Cliffland .....   | 579  |
| LXVIII. A. Bluff at Cliffland. B. Shales and sandstones below Cliff-<br>land ..... | 581  |
| LXIX. Wide and narrow segments of valley at Selma.....                             | 585  |
| LXX. Topographic map of part of Kahoka quadrangle .....                            | 589  |
| LXXI. The wide valley near Vincennes and St. Francisville .....                    | 593  |
| LXXII. Erosion in old valley filling near Connables .....                          | 595  |
| FIGURES  | PAGE |
| 1. Index map of northeastern Iowa .....  | 38   |
| 2. Sketch map showing upland and valley near Iron Hill.....                        | 39   |
| 3. Geological map of Iron Hill and vicinity .....                                  | 42   |
| 4. Contour map of top of St. Peter sandstone .....                                 | 54   |
| 5. Large limestone boulders in iron ore .....                                      | 63   |
| 6. Unconformity between ore-body and overburden .....                              | 64   |
| 7. View of new iron pit near south end .....                                       | 65   |
| 8. Limestone boulder from new pit, showing pitting .....                           | 66   |
| 9. View showing boulder character of the ore .....                                 | 66   |

# LIST OF ILLUSTRATIONS

vii

| FIGURES  | PAGE |
|--|------|
| 10. Ideal section showing development of bowlders by decay of limestone              | 78   |
| 11. General view of iron-ore concentrating plant                                     | 85   |
| 12. Map of Johnson county showing location of well records collected..               | 110  |
| 13. Map of Johnson county showing wells probably in Aftonian and<br>Nebraskan        | 115  |
| 14. Cross section of preglacial surface buried by drift.....                         | 117  |
| 15. Cross section showing modification of bedrock surface by deepening<br>of valleys | 117  |
| 16. Cross section of topography before incursion of a later ice sheet....            | 117  |
| 17. Cross section showing burial by later drift                                      | 117  |
| 18. Map showing Buchanan gravel in Johnson county                                    | 124  |
| 19. Map showing lobes of Iowan drift in Johnson county                               | 127  |
| 20. View of the terrace in Pardieu creek.....  | 135  |
| 21. View of terrace-like feature at the Helman sand pit                              | 137  |
| 22. View showing folded and contorted Buchanan gravel                                | 145  |
| 23. Cross sections of Iowa river valley  | 152  |
| 24. Profile showing elevation of bedrock   | 156  |
| 25. Cross section of gorge east of North Liberty                                     | 157  |
| 26. Part of Fairfax topographic map  | 159  |
| 27. View showing pot-holes at Lovers Leap  | 161  |
| 28. A sinuous eddy-scar on top of the valley wall.....                               | 162  |
| 29. Lansing, Michigan, topographic map   | 164  |
| 30. Fairfax, Iowa, topographic map   | 165  |
| 31. Diagram showing changes in gorge-cutting   | 166  |
| 32. Diagrammatic figure of a trilob'ite  | 189  |
| 33. Boulder-like masses of dolomite in limestone, Alton, Illinois                    | 360  |
| 34. Irregular lens of dolomite in limestone, Alton, Illinois.....                    | 361  |
| 35. Relations of dolomite to limestone, Belfast, Iowa.....                           | 365  |
| 36. Reef of unaltered, brecciated limestone, Bonaparte, Iowa.....                    | 366  |
| 37. Irregular boundary between limestone and dolomite, Farmington, Iowa              | 370  |
| 38. Lateral gradation of dolomite into limestone, Harrisburg, Pa.....                | 372  |
| 39. Geological section from Baraboo, Wisconsin, to Des Moines, Iowa....              | 439  |
| 40. Kansan blue clay beneath gravels at Estherville                                  | 499  |
| 41. Gravel pit in the valley train at Graettinger                                    | 500  |
| 42. Kinderhook limestone at Rutland bridge   | 504  |
| 43. Section across Boone and Greene counties   | 541  |
| 44. Preglacial drainage at Des Moines  | 542  |
| 45. Pre-Wisconsin drainage at Des Moines   | 543  |
| 46. Postglacial drainage at Des Moines   | 544  |
| 47. Profile of gorge of Des Moines river at Des Moines                               | 546  |
| 48. Wide valley of Des Moines river near Eldon                                       | 583  |
| 49. Topographic map of Keosauqua oxbow   | 587  |
| 50. Narrow flood plain below Croton  | 591  |
| 51. Map showing drainage changes in southeastern Iowa                                | 598  |
| 52. Topographic map of vicinity of Burlington  | 599  |
| 53. Section across present and former valleys of Mississippi river in<br>Lee county  | 601  |
